KYOCERA

A superhero for your office.

Maximize employee productivity with a color printing powerhouse built for the digital workplace.

ECOSYS MA2600cwfx Series

A4 Color copy, print, fax, and scan devices
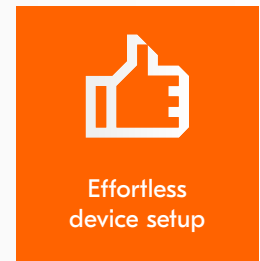

Cloud connectivity and mobile printing

1200x1200 dpi resolution

Up to 27 pages per minute

Get to know the main features of this ECOSYS line.

Our ECOSYS MA2600cwfx Series, featuring three A4 Color multifunction devices and two A4 Color printers, embodies Kyocera's goals of customer-centricity and continuous innovation. They are designed to optimize document management for hybrid environments and help them overcome modern business challenges.

This line offers several core benefits to end users →

Cloud connectivity for digital workflows

Effortless device setup

Greater levels of productivity

Benefit from sustainability

Cloud connectivity for digital workflows.

Kyocera Cloud Access:

More people are using cloud storage services because of the convenience of accessing data from anywhere, including outside the office. Kyocera Cloud Access (KCA) is a new utility for connecting to a third-party personal cloud storage service (such as Google Drive) for free.

Users can access cloud integration functionality ("print from cloud" and "scan to cloud") from the device panel without the HyPAS app by installing KCA on a PC.

When an administrator registers users with KCA, multiple users can enjoy this feature. An administrator can log in as any user on a device or on the LDAP Server.

Effortless device setup.

Tools to get the job done: Kyocera's Printer Setup Tool allows you to connect these devices to a Wi-Fi network easily using your mobile device.

Focus on your high-priority tasks: With easy setup, you can work more efficiently, freeing up time for more pressing tasks.

Wireless capability: 2.4GHz/5GHz wireless capability so devices integrate seamlessly into the existing office technology environment.

More benefits of our ECOSYS technology.

Greater levels of productivity.

Shorter wait times: Higher processing speeds and increased memory of 1GB — users enjoy shorter wait times for complex print, scan, and fax jobs.

Efficient scanning: With dual scan, up to 56 images per minute, and continuous scan functionality, users can easily scan large documents in one go.

Enhanced adaptability: Precision enhancements, such as multiple cropping options and text clarifying functionality, allow users to get the job done right first time.

Technology built to last: Long-lasting components ensure the durability and reliability of devices.

Easy-to-manage fax: The fax preview feature and dedicated fax-only tray mean users can manage faxes in an efficient and sustainable manner.

Benefit from sustainability.

Durability you can count on: ECOSYS-based technology provides reliable imaging solutions with durable long-life components, economical running costs, and less waste during their lifetime.

Lower service requirements: Long-life components, up to 100,000 pages, mean fewer parts replacements, fewer calls to IT/help desk and fewer road technicians.

Reduce power usage: The fuser technology used in these products is more efficient than previous models, reducing their environmental impact.

Recycle toner: ECO footPRINT™ Program allows for easy recycling of genuine Kyocera toner cartridges.

Implement a color printing powerhouse

With 1200x1200 dpi, these devices offer **twice the color quality** of leading MFPs in their category, at **2X the resolution.** This is a unique feature in the industry.

Kyocera's Tiered Color System: Define your color usage at one of three levels (Simple, Business, or Creative), depending on the print job. This way, you only pay for the color that you actually use. This system reduces the cost per print by up to 70%.

ECOSYS to the rescue!

Ready to enhance workflow productivity? The ECOSYS MA2600cwfx Series is designed to streamline workflows with advanced quality, efficiency, security, and versatility.

Simple cloud connectivity

Connect to third-party personal cloud storage such as Google Drive, with Kyocera Cloud Access. Take advantage of printing and scanning in the cloud with the convenience of accessing data from anywhere, including outside the office.

Higher toner yield for greater sustainability

In a compact footprint, these devices offer a greater toner yield, up to 4,100 for black and 3,200 for colors*, and up to 100,000 pages for other long-life components, leading to higher uptime and less waste during their lifetime.

*Toner yield varies by model

Exceptional image quality

With 1200x1200 dpi, these devices offer 2X the image quality of leading MFPs in their category and maintain consistent color quality over time.

Robust security updates

Equipped with the latest security advancements, such as the optional Trusted Platform Module (UG-51), it ensures authentication certificates are protected and companies can copy, print, scan, and share files with peace of mind.

Enhanced productivity and ease of use

With faster processor speed, higher scan speed up to 56 ipm, and increased memory to 1GB, the ECOSYS MA2600cwfx Series delivers speed when you need it. These devices are also fitted with either a 2.7" or 4.3" Color Touch Screen Control Panel (TSI) ensuring that these devices intuitive, efficient and easy to use.

Say hello to the new print powerhouses!

These new ECOSYS devices provide additional features while maintaining the same reliability and energy efficiency as previous models.

ECOSYS MA2600cwfx

- A4 Color 4-in-1 multifunctional printer
- Prints up to 27 pages per minute
- 4.3" touch screen for easy operation
- Dual scan document processor

Sustainable, high-quality color printing with Wi-Fi convenience. The ECOSYS MA2600cwfx combines sustainability with excellent color quality at a low cost. With Wi-Fi Direct and the ability to print from and scan to USB and to the cloud up to 56 images per minute, this A4 MFP streamlines workflows and offers an intuitive 4.3" touch screen for easy operation.

ECOSYS MA2600cwx

- A4 Color 3-in-1* multifunctional printer
- Prints up to 27 pages per minute
- 4.3" touch screen for easy operation
- Dual scan document processor

Quiet and quality printing for your workplace. With its compact, low-noise design, the ECOSYS MA2600cx is the perfect addition to your home office. This A4 MFP delivers exceptional color quality (1200 x 1200 dpi) at a low operating cost and features an intuitive 4.3" touch screen for a seamless user experience.

*Does not include fax.

ECOSYS MA2101cwfx

- A4 Color 4-in-1 multifunctional printer
- Prints up to 22 pages per minute
- 2.7" touch screen for easy operation
- Duplex print and copy functionality

The perfect A4 color MFP for today's hybrid work environment. This MFP combines powerful scan-to-email, cloud connectivity, and Wi-Fi capabilities with mobile printing for seamless integration into any home workspace. Compact, reliable, and energy-efficient, the ECOSYS MA2101cwfx delivers both performance and security to meet daily needs.

ECOSYS PA2600cwx

- A4 Color printer
- Prints up to 27 pages per minute
- Kyocera Device Manager, Quick Network Setup, Wi-Fi Setup Tool
- ECO print & quiet mode options

Compact, high-performance color printing on demand. Built to support remote work, this A4 Color printer delivers the quality and efficiency that define ECOSYS, with low running costs and outstanding print results at 1200 x 1200 dpi. With mobile printing options and a compact design, the ECOSYS PA2600cwx is an ideal choice for on-the-go printing.

ECOSYS PA2101cwx

- A4 Color printer
- Prints up to 22 pages per minute
- Wireless & Wi-Fi Direct, Mobile Print ready
- ECO print & quiet mode options

Enjoy seamless Wi-Fi connection and mobile printing capabilities. Compact, reliable, and secure, the ECOSYS PA2101cwx is designed for home offices and shared workspaces, offering high quality at 1200 x 1200 dpi, connectivity and data protection features. With quick print speeds and versatile print options, users enjoy an efficient, streamlined experience.
